One

Crushed underneath him, I couldn't breathe, but in the best way. I wanted my lungs to collapse, my windpipe to be crushed under his weight. I tangled my fingers in his hair, seeing the way the red looked against my hands. I tried to say his name but his tongue was in my mouth, his lips pressed hard against mine. I twisted and writhed just for the fun of it, just because I couldn't breathe, but I could taste him and that was better than breathing.

"Axl, I-" There was nowhere to go with that, and he ignored me anyway.
